

Pressfit Piping System ^â

Tank Car Parts

From Victaulic ... a new, innovative, patented piping concept that provides an easy, economical system to join small diameter carbon or stainless steel pipe.

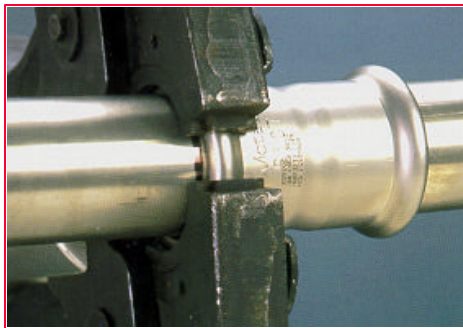

VIC-PRESS 304 System for Stainless Steel

- * 304 fittings and pipe are UL classified in accordance with ANSI/NSF 61 for potable water.
- * Rated for 300PSI (2065 kPa) service (ANSI Class 150, except steam).

PRESSFIT System for Carbon Steel

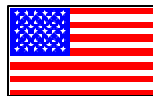

- * Meets requirements of ASME B31.1 and B31.3.
- * Rated for ANSI Class 150 systems (except steam) maximum 300 PSI (2065 kPa).

Electric Pressing Tool

- * A flame-free mechanical method of joining piping from 3/4" through 2".
- * Safe and easy to use; requires no shielding, fire watch, or permits.
- * Requires no bolts, no torquing and no alignment for joining piping.
