

Filtered Sanitary Gasket

First of its kind combination sanitary gasket and filter for tank trailers makes manway gasket maintenance simple and efficient.

Effortless Efficiency

- A gasket/filter combo that is easy to apply and remove for cleaning or replacing.
- Fits securely on most 20 inch ID liquid or dry bulk manways.
- Patented gasket chevrons deliver a better seal.
- Evenly spaced intersecting ribs stabilize the filter with added strength and durability.

Avoiding Contamination

- Does not require any type of glue or adhesive.
- 600 micron filter protects loads from bees and other insects while still allowing airflow.
- Filter also protects foreign objects (pens, glasses, and tools) from falling inside the trailer.
- White FDA material is safe for use in food service.

Gasket/filter combo that is easy to apply and remove for cleaning or replacing.

Part Number: TTFSG20FDA

Gasket fits securely onto the ring and does not require glues or adhesives.
